HMO plus list of recognised pharmacies

Last updated: 30.09.2026
Valid as of: 1 October 2026

In the 'HMO plus' compulsory basic insurance model with a limited choice of service providers, pharmacies play an important role. On the one hand, persons insured with 'HMO plus' have the option of going directly to a pharmacy when new medical concerns arise. On the other hand, either Visana, the chosen general practitioner or the telemedical advice centre (Medi24) can specify where it is to be obtained. This list provides an overview of the pharmacies recognised by Visana as first points of contact and for obtaining medication.

Partner pharmacies as first points of contact
When new medical concerns arise, persons insured with 'HMO plus' can go directly to one of the following pharmacies. This is particularly advisable in the case of minor complaints that are very likely to be resolved by obtaining the right medication.

Name	Address	Town	Paying agent no.
Bahnhofapotheke Langenthal	Eisenbahnstrasse 8	4900 Langenthal	C807102

Emmental Apotheke Burgdorf	Bahnhofstrasse 35	3400 Burgdorf	D195132

Partner pharmacies for obtaining medication
Initial provision of medication occurs either at a partner pharmacy listed in the table above (partner pharmacies as first points of contact) or via the chosen general practitioner. If subsequent or long-term medication is required, either Visana, the chosen general practitioner or Medi24 can specify where it is to be obtained. For such obtainment of medication, the following pharmacies are recognised:
